

## Temporary Mental Health Counselors Licensure Requirements

Mental Health Counselors (MHC) are licensed by the Iowa Board of Behavioral Science. The Board evaluates the qualifications of applicants for licensure and grants licenses to those who qualify. The Board establishes rules and regulations to ensure the integrity and competence of licensed Mental Health Counselors.

Licensees are responsible for meeting all licensure requirements and should review the rules carefully and frequently. The administrative rules are available on the Behavioral Science Board website under the Laws and Rules link.

To obtain a permanent license the application and nonrefundable application fee must be submitted. Required documentation already submitted for the Temporary License will not need to be submitted for the Permanent License.

## Documentation Required for Licensure
