How do I find out if I have health insurance?

The best way to find out if you have health insurance is to ask your parents.

I'm healthy--do I really need health insurance?

Yes! Accidents and illnesses happen to everyone, and medical care can be very expensive without health insurance. Medical bills for a broken arm can be as much as \$3,000--that's enough for a down payment on a new car, or a new computer *and* an iPad!

What if I need health insurance, but I don't want my friends to know I'm on *hawk-i*?

hawk-i coverage is provided by two health insurers in Iowa, and you will receive an insurance card from one of those companies that looks like a normal insurance card from a private insurer.

Can I fill out the application myself?

Your parents will need to fill out the application. They can apply in one of the following ways:

- Online at dhsservices.iowa.gov
- By phone at 1-855-889-7985

Questions? Contact your local *hawk-i* outreach coordinator for assistance in filling out the application. You can find contact information for your local outreach coordinator on the *hawk-i* website, under the "Outreach" tab.

I have health insurance, but not dental insurance. Is there a way to get dental coverage through *hawk-i*?

hawk-i offers dental-only coverage through Delta Dental of Iowa. The income guidelines for the dental-only coverage are the same as regular *hawk-i*. Some families do not pay anything per month, and no family pays more than \$20 per month for dental-only coverage.

If your family's income (before taxes) is in this chart, you may be able to get FREE coverage under *hawk-i*.*
