Protecting & Improving
the Health of Iowans

The mission of the Iowa Board of Nursing is to protect the public's health, safety and welfare by regulating the licensure of nurses, the practice of nurses, nursing education and continuing education.

The Iowa Board of Nursing strives to maintain the health, safety and welfare of all Iowans by licensing qualified and competent nurses.

The Board investigates complaints against nurses to ensure the protection of the public. Thirty-six percent of complaints filed result in formal discipline. The Board's annual report, a statistical tabulation of licensure and enforcement activities, is available at the board's website at <https://nursing.iowa.gov>.

Did you know? There are over 64,000 licensed nurses in Iowa.

Why is the Iowa Board of Nursing important to protecting and improving the health of Iowans?

- Iowans deserve care from qualified professionals.
- Iowans deserve protection from care that does not meet standards, including timely investigations of complaints about nursing practice, and discipline of nurses who are found to have violated the law.

How do we measure our progress?

1 Percent of investigations resulting in formal discipline.

Data Source: Iowa Board of Nursing Database.

How are we doing? Out of 764 complaints filed in state fiscal year 2016, 298 resulted in formal discipline.

2 Percent of closed cases that were open for more than 18 months.

Data Source: Iowa Board of Nursing Database.

How are we doing? The percentage has decreased in Fiscal Year 2016. The enforcement unit had no vacancies during Fiscal Year 2016. The number of advanced practice cases, and cases kept open by ongoing litigation take a longer investigation period.
